Proof creators get paid

Official numbers, and how to read them

The numbers

- ElevenLabs: $22M+ paid to 10,400+ voice creators (May 2026).
- beehiiv: $25,000 from Boosts for one newsletter at 31,000 subscribers (Apr 2025).
- YouTube Shopping: 1.3M+ creators enrolled (Sep 2026).

How to read them

- Totals across many creators prove a stream is real.
- They don't predict what one person earns; most earn far less than the top.

Your next 3 steps

1. Pick the stream that fits you.
2. Set a 30-day test.
3. Track your own numbers weekly.
